Developmental screenings provide a free developmental check for **children 3 to 5 years old**. The purpose of the screenings is to educate families about normal child development and to identify young children who are in need of further assessment.

District staff who are knowledgeable about typical milestones in all areas of development are on hand to play with children, answer questions, and address any concerns that the family might have regarding their child's development. Hearing and vision will be screened by a district nurse.

**Screenings are held by appointment only, and are held at Token Springs Elementary, 1435 N. Thompson Rd. in Sun Prairie. Please contact Colleen Deal at [cadeal@sunprairieschools.org](mailto:cadeal@sunprairieschools.org) or (608) 478-5187 to make an appointment.**
